

**Perpetual Health Direct Primary Care (“P-Care”)
Pricing and Enrollment Instructions for
Individuals and Families**

Introduction

The P-Care enrollment system is use-friendly. To begin, please review examples of the P-Care Patient Agreement and Electronic Communications Policy provided in your folder or online. These documents explain the P-Care system, its benefits and your obligations. Later you will be asked by your medical provider’s office to sign a paper copy of both documents, which shall be kept in your patient file. If either of these documents is missing from the folder, you may print additional copies by accessing www.DirectPcare.com > Individuals & Families tab > and click to download and print, or contact Member Services for replacements.

Eligibility

- **Individuals** - 18 years or older or have reached the age of majority as determined by state law or, if younger, are legally emancipated by marriage or court order.
- **Families** - Legally married parents, single parents, legal guardians, and natural and/or adopted children (“Dependents”) for whom the parent(s) and guardian(s) provide healthcare benefits. Under the PPACA, parents may keep adult children ages 19-25 enrolled under the family’s health insurance plan.

Online Enrollment

Go to www.DirectPCare.com and choose the “Become a Member” tab. Follow online instructions. If you need help or accommodation during the enrollment process, please email or call Member Services.

Fees

P-Care’s lower, flat-fee price structure maximizes the value of your healthcare investment dollars. During online enrollment, you will enter payment information (i.e., credit card or ACH banking information) into the secure online form. By entering your account data, you authorize monthly deductions/withdrawals from your account on the appropriate due date. Remember that the patient agreement is for a one-year period (12 continuous months) unless officially terminated.

Enrollee	Cost Per Month	Annual Cost (X12)
